Faculty 1950

As WE THE FACULTY see it, "A little knowledge is a dangerous thing." Each day we spend our eight hours at school helping our students to realize this. That endless row of papers to be marked stands for the added knowledge our pupils have gained through our guidance. It also signifies the time we spend other than hours one to eight doing school business. Besides papers to be marked, there are lesson plans and tests to be made out, clubs to be directed, teams to be coached, and absentees to be aided. More minutes tick on as we perform hall duty, meet with administrative committees, consult with parents, and offer advice to students who need it. All is not work, however. Our past experiences have taught us to take time out now and then to enjoy the fellowship of other faculty members. The noon hour offers a short break, whether we eat at school or at home. This gives us a welcome chance to relax. Another form of diversion is obtained through our various parties and their fun-filled get-togethers. As we the faculty see it, our experience going hand-in-hand with knowledge makes a combination for safety in living.

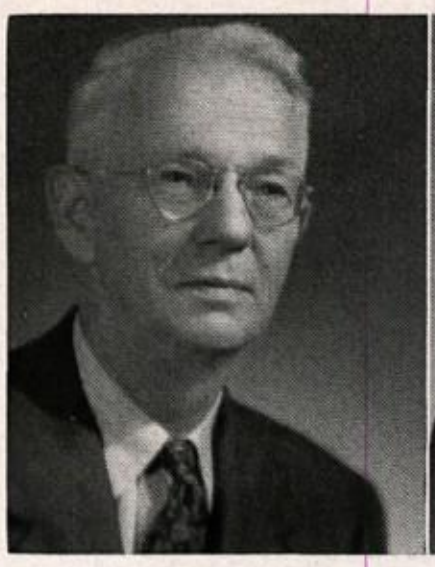
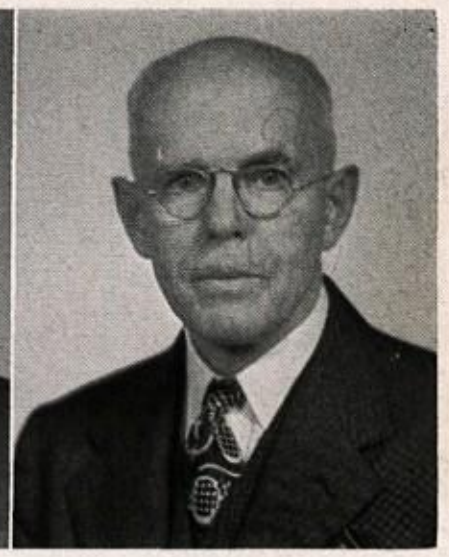
IN TRIBUTE



Mr. John Hagberg

Miss Meta Raasch



Mr. Charles Holbrook

MR. JOHN HAGBERG

In the retirement of Mr. Hagberg the school has lost a brilliant man and a sincere teacher. Before coming to Washington in 1920, Mr. Hagberg taught in Puerto Rico and the Philippines. His tales of his life there, as well as his guidance in Spanish and mathematics, wielded an inspiring and helpful influence on his pupils. He developed in his students clear thinking and practical application of their subjects. While at Washington, he served on the Athletic Field Committee and was advisor of the Physics Club and supervisor of orchestra finances. After more than a quarter-century of faithful service to the school, Mr. Hagberg has won best wishes for the continuation of a happy and satisfying life.

MISS META RAASCH

Invested with a keen knowledge of the various sections of our country and a rich German heritage, Miss Meta Raasch, a native Milwaukeen, taught commercial geography and German at Washington. Since her entry in 1925, she served at various posts: director of assembly and infirmary monitors, supervisor of employment placement for girls, and a critic of the sophomore division of the Girls' Club. Her thorough mastery of German aided her pupils in an appreciation of the language and customs, and her love for travel made vivid the pictures of geographical conditions throughout the states. We at Washington sincerely hope that Miss Raasch will be able to enjoy as rich and full a life as she has had in the past.

MR. CHARLES HOLBROOK

A lover of the out-of-doors, a true scientist, a master teacher: each of these terms may well be used to describe Mr. Charles Holbrook, who entered Washington in 1921 as a biology teacher. For many years he served as faculty advisor of the Nature Study Club, and later as head of the biology department. By relating personal experiences and teaching in a practical manner, he held the interest and enthusiasm of his classes. His students not only garnered a good understanding of the various phases of biology, but became his personal friends. Now all Washingtonians join in wishing Mr. Holbrook many years of happiness in his retirement.

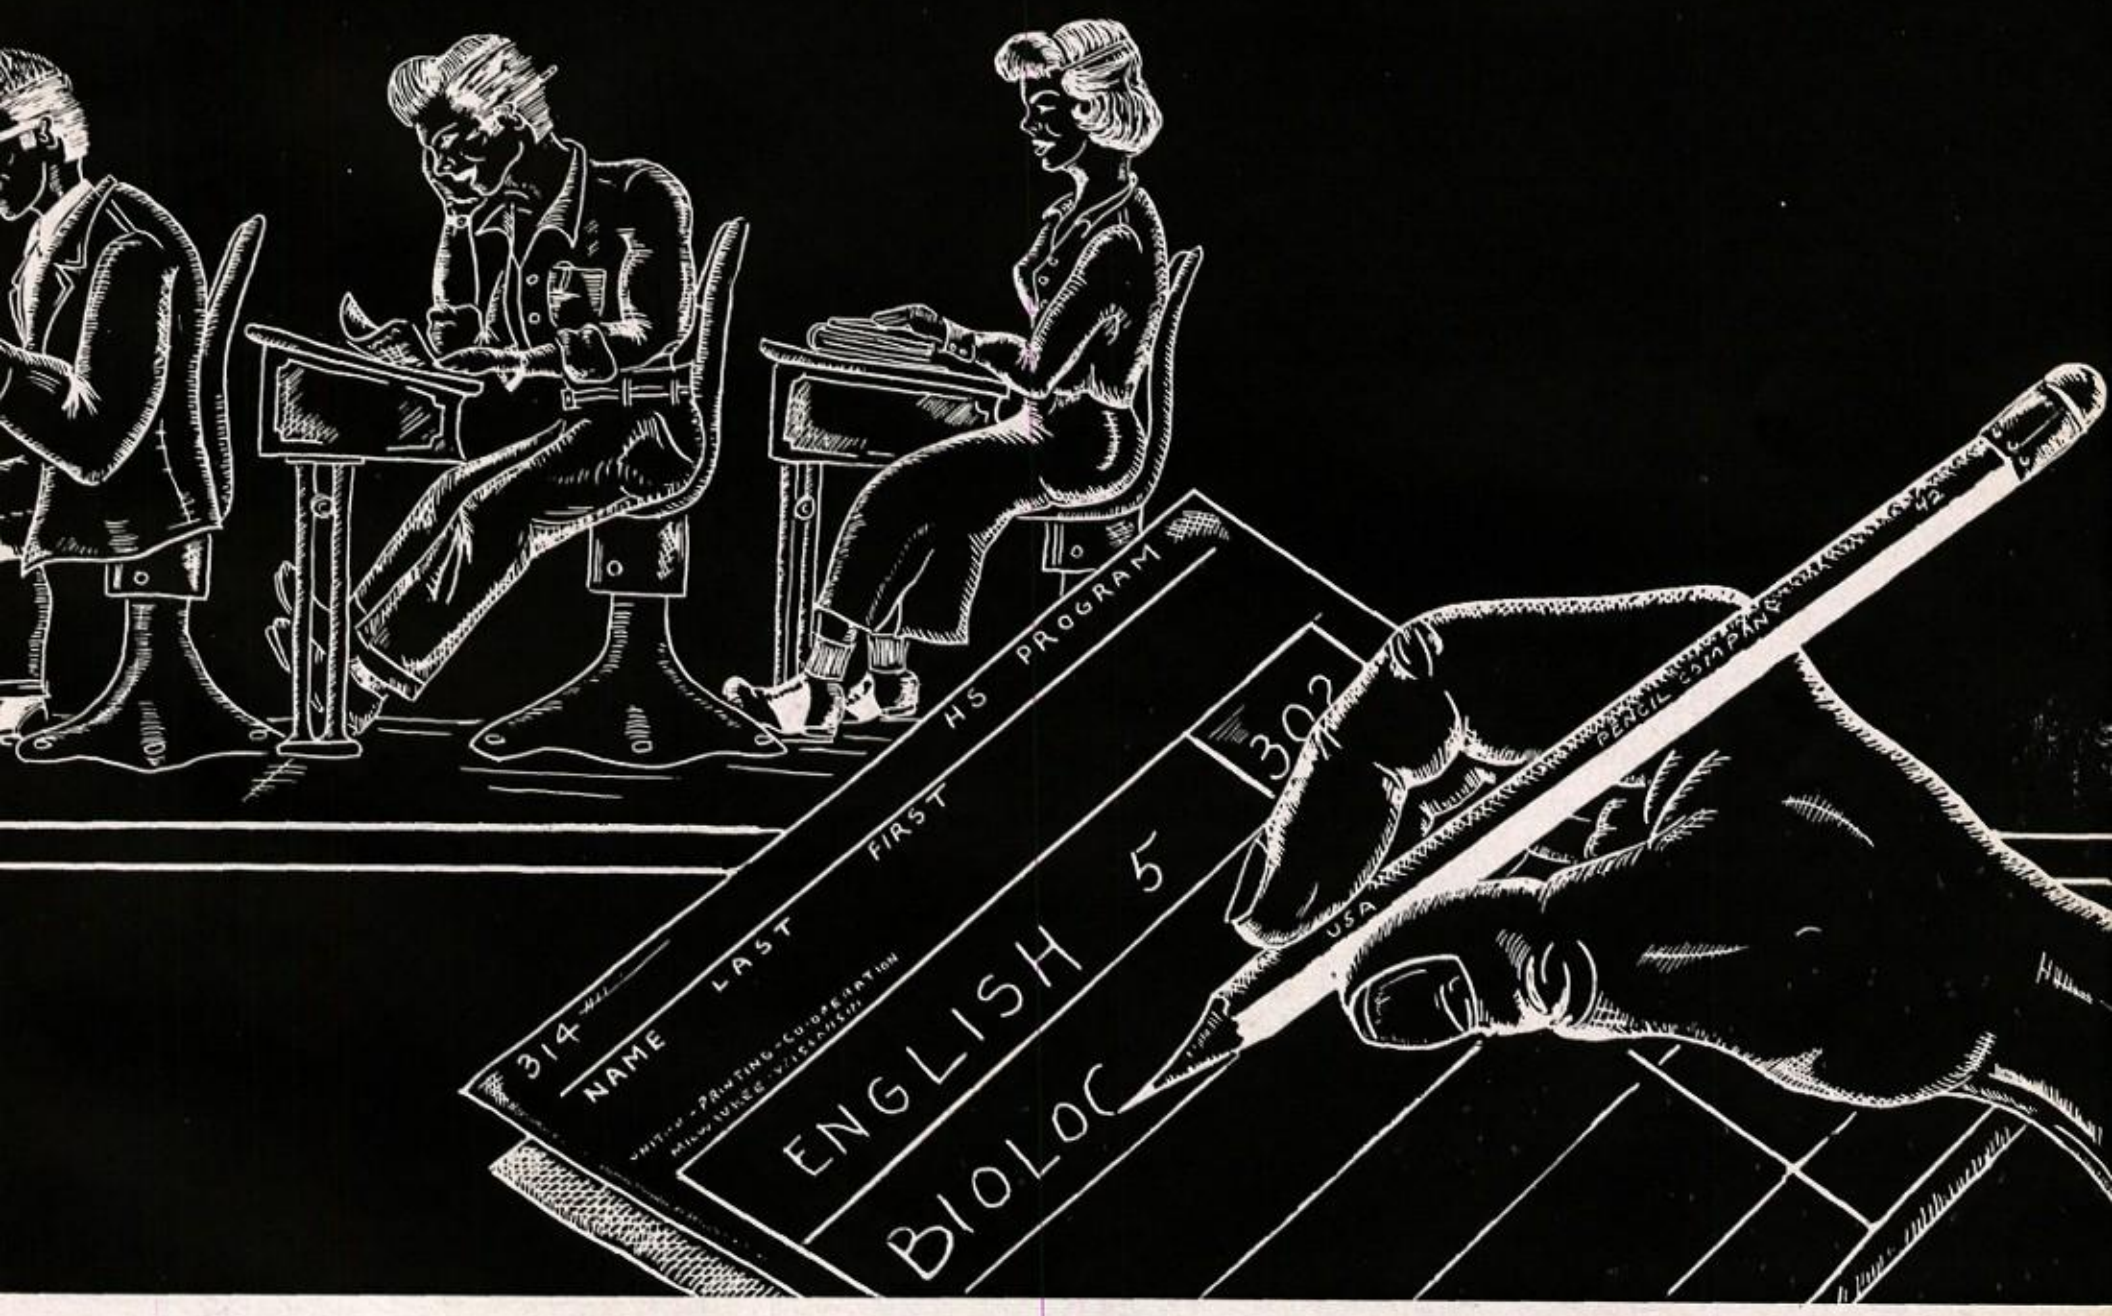
THOMAS
SEIDEL



As WE THE CLASSES see it, our school life has been patterned by a slogan handed down to us by the scholars of the log-cabin days. Our "Readin', 'Ritin', and 'Rithmetic" have had one more phase of education added to them, however. Spelling, for it must always be Right, could be deemed the fourth R of knowledge. Yet perhaps it is better to make it a schoolwide project, and that is just what we have done with our annual spelling contests. Now don't get the idea that we spend half an hour each morning writing spelling tests. The truth is that the majority of homeroom periods were spent studying. Of course, many times during the year, outside programs or student performances were featured. The student council met during this time, too, as well as weekly advisement groups. Opportunity was offered for the semester classes to view educational and advisory films and to take care of business matters. Pep rallies and Award and Honor days took another fraction out of the whole. The half hour between 8:35 and 9:05 every morning was vitally important and helped to establish us as part of a smoothly running organization known as Washington High School.

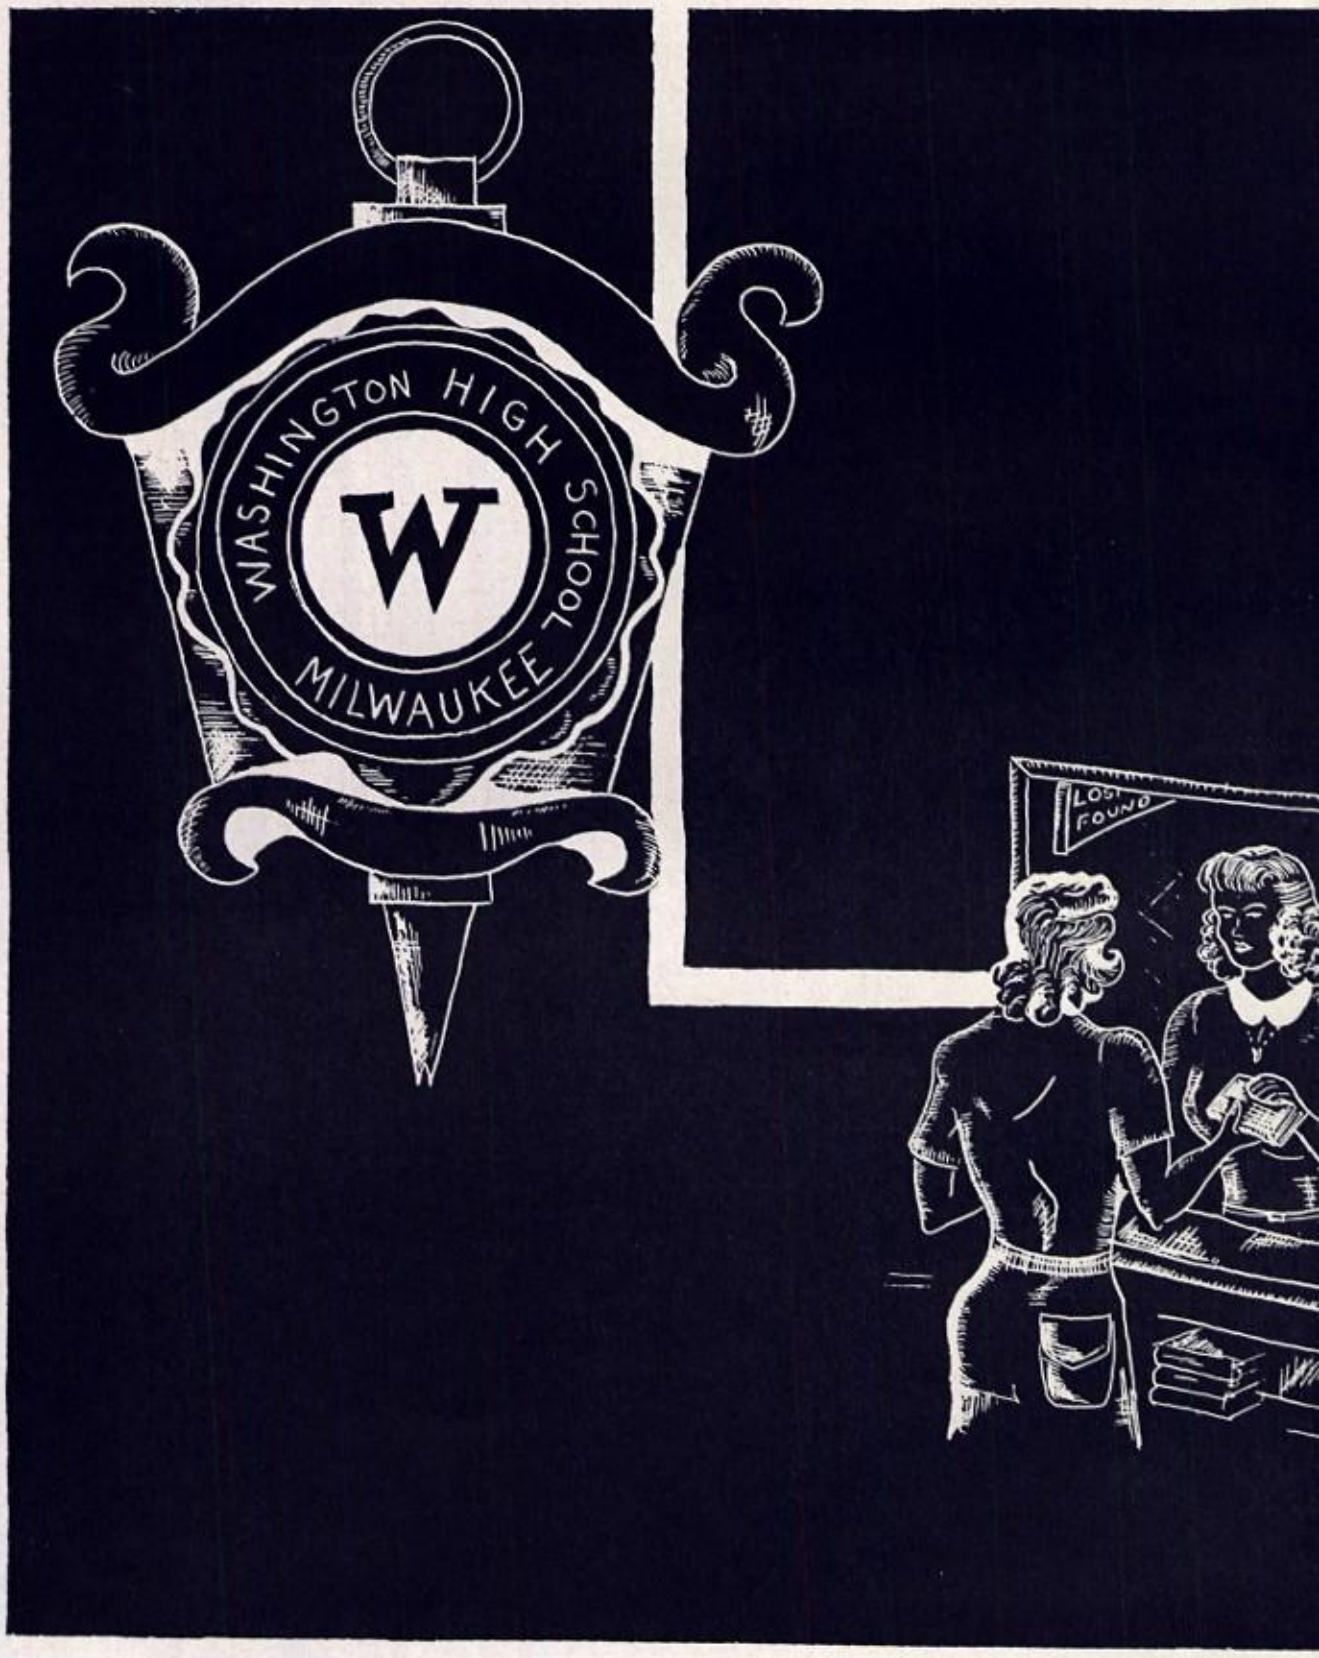
WASHINGTON HIGH SCHOOL
W
MILWAUKEE

Service 1950



As WE WHO SERVE see it, the opportunities given us to help our school are practically without limit. The types of service range all the way from lost-and-found duty or audio-visual aid to hall monitorships; all of which offer chances for many of us to help during the day. Besides these more obvious jobs are some which are seldom heard of; such as, the English secretaries, flag custodian, machine instructress, or the assistant school treasurer. As all of us volunteers sing our theme song, "Hi ho, hi ho, it's off to work we go!" we have in mind that maybe some day we will have earned the coveted Service Key, which is, as the Hand Book states, "Washington's highest award to a graduating student for distinguished service." Those of us who have been unable to give the time required for a key may be rewarded with a certificate of service. In any event, we have had invaluable experience working for our school and giving it our "service with a smile."

Finders Keepers?

In order to carry on the many functions of the school, Washington offers innumerable opportunities for those interested in serving others. To the Florence Nightingales of the infirmary staff, bandaging cut fingers, taking temperatures of fevered brows, helping the nurse and doctor, and filling out records: all are in the course of a day's work. For those interested in the mechanics of a projection machine, the visual aid department offers a choice diversion from other services. Each of the monitors works certain hours during the day and shows interesting and suitable films to various classes. The cheerful lost-and-found monitors always try to locate our lost articles. They ask no reward but are repaid with the gratified sigh of one who has recovered his lost belonging.

Stacks of Books

Some of the figures seen scurrying about in our halls are our indispensable office monitors. These school messengers deliver call slips, notify us with those little pink reminders of after school obligations, answer the phone, open lockers, issue slips for admission to class or dismissal, and attend to the various requests of pupils and teachers. Each library monitor emerges from her abode often enough to deliver to students white paper reminders of overdue books. At other times she stamps books, replaces used volumes on the shelves, and looks up magazines and information for the faculty and students. Those individuals seated so silently and studiously in our halls are the monitors who supervise the use of corridors during the class periods and give information to school visitors.

The Flag and I

Throughout the day there are very few students who don't come in contact with the able supervisors of study halls A, B, 210, and 220. To the musically-minded, the orchestra and band librarians who gather and file music have a special significance. That familiar flash during an auditorium convocation means a Scroll Weekly or Yearbook photographer is at hand. This trio also takes pictures of sport functions, club activities, and general school life. Washington's able flag custodian keeps Old Glory waving between the opening and closing hours of our school day. Frequenters in the boys' gym appreciate the service of the towel monitors. Then there are the typists assigned to work for chairmen in the various departments. To the public, the ushers in the shiny-buttoned uniforms serve the patrons of our school auditorium functions.

On File

Assisting the advisement staff in 113 may be found many future office receptionists; and whether running errands or filing; their bright business-like expressions are familiar to all of us. Daily frequenters of Washington's auditorium, the Stage Crew can be found early mornings and after school behind the curtains taking care of lighting, props, or other back-stage jobs. Many are the thanks from those in stage productions to these "huskies" who help the show go on Setting up props requires the service every second and third hours of the set-up crew of the music department, who arrange the stands and chairs for the orchestra and band members. Those who have given exceptional service to the school in any field are awarded Washington's service key upon graduation.

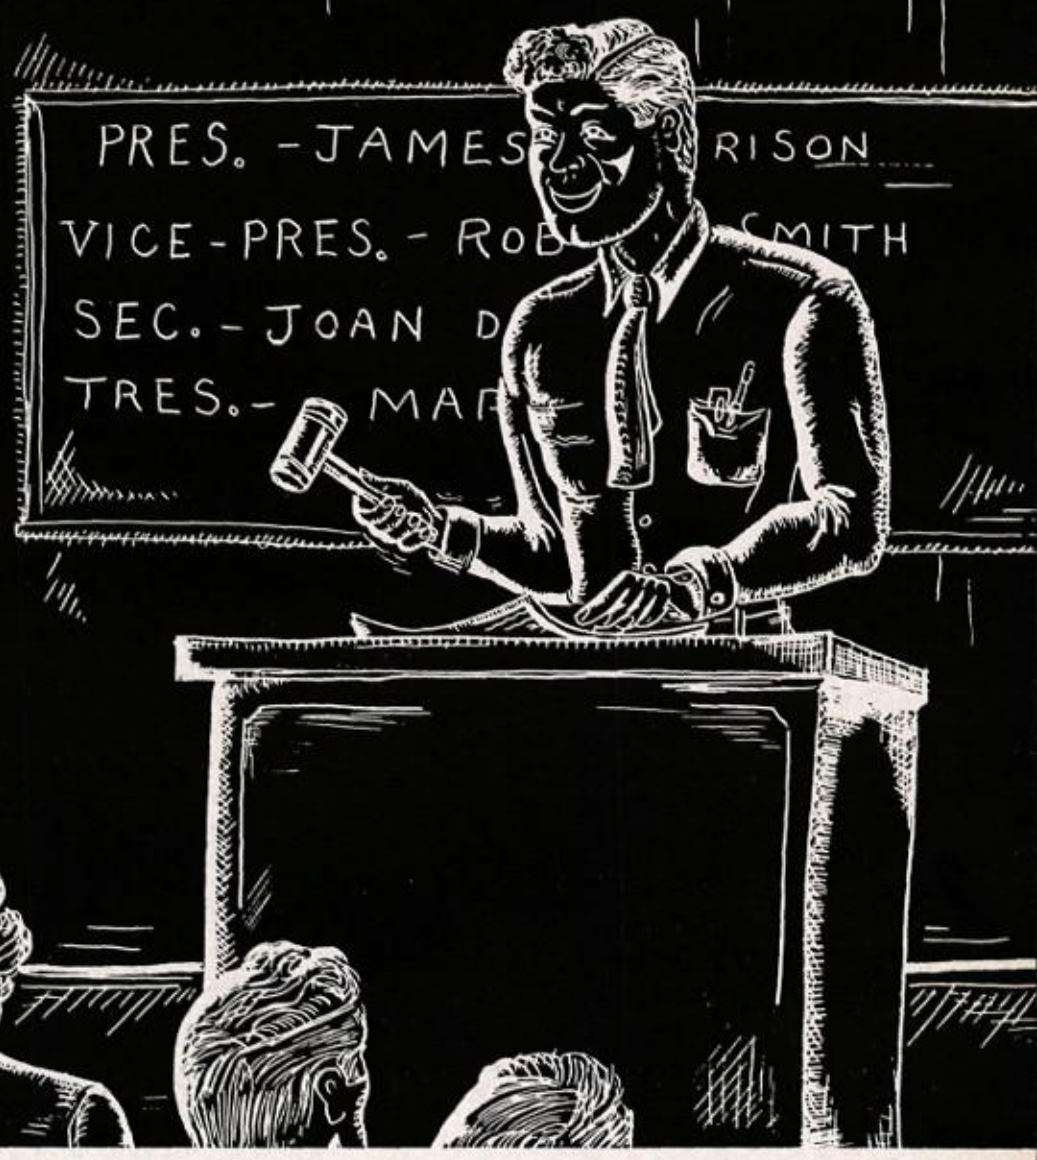
THOMAS
SEIDEL



As WE THE CLUBSTERS see it, "Variety is the spice of life." All the various organizations at Washington rovide a very spicy existence. The *pepper* with which the forensics — Alphanea, Lincoln, and Philomathea — conduct their meetings is nothing to be sneezed at. *Ginger* and enthusiasm are always abundant at the language clubs — *Die Deutsche Familie, Le Cercle Français, Los Españoles,* and *Societas Latina.* The sages of Senior Players, our local Thespian group, are always ready to advise each other as to the proper way to perform. BAA and GAA are the *all-spice* in the family cupboard. The Girls' and Boys' clubs seem to fall into that category, too. *Cinema (n)* fans belong to our Camera Club; and fellow members of the Science Club hold each other at *bay* with varied demonstrations. Whichever type of spice appeals most to each clubster, when properly blended with the other flavors, seasons school life according to the individual taste. Anyone can tell who we are by the labels we wear on meeting days. As we close the cupboard doors behind another year, our lives are a little spicier and better seasoned with the variety of life.

ALPHANEAN

Sports 1950

As WE THE SPORTSTERS see it, life at Washington means both work and play. But to us those two words denote almost the same thing. Whether we are playing football or basketball, tennis or golf, there is always a lot of work that goes into perfecting our technique. Our past records of success in many fields of sports prove that this work is as essential as the playing itself. Topnotch 'Tonian teams have also helped to make the name of Washington known to all interested in track, cross country, and swimming; and in another year, the newly revived wrestling squad will undoubtedly join the ranks of favorites. We girls aren't to be left out of the scene, either. Like the boys, we play basketball, tennis, and golf, and have our own little swimming meets. We have three other sports, too, at which we work and play: volleyball, badminton, and ping-pong. But let's not forget that there are many factors which determine 'Tonian success. The unbeatable combination of ardent school spirit, the best in coaching, and a continuous supply of first-rate athletes provides the real reason for our prowess in the field of sports.

VARSITY

WASHINGTON 0 — PULASKI 19

The varsity eleven opened their schedule at South stadium by meeting a strong Pulaski eleven. Pulaski scored first in the first quarter and led at the half time 7-0. Late in the third quarter Pulaski's Neil Worden scored again. The punting of Dick Retzer kept the Ramblers away from our goal until, in the fourth quarter, Worden scored from the three-yard line.

BOYS TECH 7 — WASHINGTON 7

Washington received a heartbreaking setback in their second game when Tech recovered a Washington fumble and scored with only 45 seconds to go. Midway in the third quarter a pass from Hillman to Dick Becker gained 24 yards for the Purgolders' only score. The game seemed won as the Tonians repeatedly pushed the opponent back. The last minute score by Tech tied the score.

SOUTH 6 — WASHINGTON 21

A highly rejuvenated Washington team came out against a strong South squad and righted the tables by a score of 21-6. The game was savagely fought throughout, but the speedy backfield of our team connected, and with Swentkofske scoring twice and Varish once, the battle made up for the previous two games.

WASHINGTON 14 — CUSTER 6

The Purgold gridders again reverted to their old form by defeating Custer 14-0. The game was played on a muddy, rain-soaked field. The game started slowly, and it was in the second quarter that Washington scored with a pass from Hillman to Schumacher, good for 66 yards. Jonas of Custer retaliated by crossing our goal in the fourth quarter, but the attempted extra point was blocked. Later Swentkofske bucked over from the three-yard line to clinch the victory.

WASHINGTON 30 — RUFUS KING 27

A 30-27 score gave Washington its third conference win. With five seconds to go, Doug Isleb booted a 25-yard field goal to clinch a game that might have ended in a 27-27 deadlock. Dick Varish scored for Washington in the first quarter. Marv Swentkofske scored again in the second. At the half time the score was 14-13 in favor of King. Both teams scored in the third quarter but Washington evened up the score, 20-20. King's Fred Bartel scored in the fourth and Washington's Dick Becker scored to even the ball game again.

WASHINGTON 21 — NORTH 14

Washington outscored North 21-14 and allowed the opponents only 15 yards by rushing. Washington took to the air to complete two touchdown passes. Jake Hillman passed to Dick Becker for the first score and to Wayne Jahns for the second. Despite frequent penalties in the second half, Dick Retzer ran 50 yards with a pass interception to the one yard line and Marv Swentkofske bucked over for the third Tonian score.

WASHINGTON 14 — WEST 7

A sure third place in the city standing was secured when our team outpointed West 14-7. A very humid day slowed the game somewhat, but Washington led throughout the game. In the second quarter, Dick Retzer scored when he recovered a blocked punt. Dick Becker scored on an end-around in the fourth quarter. Doug Isleb added the extra points both times. The third stringers permitted the only score in the closing seconds of the game.

WASHINGTON 14 — LINCOLN 21

The Washington gridders slumped again when they bowed to Lincoln 21-14. A series of Washington fumbles proved costly in the last game of the season. The highlights of the game for the Washington fans were the scoring of Swentkofske from the one-yard line and Retzer's 57-yard punt return early in the second period for Washington's second tally. However, Vergetis of Lincoln was able to make large gains throughout the entire game, both on the ground and in the air. Lincoln scored in the first quarter and twice in the fourth quarter to come from behind at the half time and win by 7 points.

B FOOTBALL

The B team again took the championship under the combined coaching of Jerry Ahl and Bill Polczynski with a record of three wins and a tie.

The Jarvies won their opening game with North. Losing an early lead, they came back to win 20-14. Don Voss, Tony Jakoblich, and Tom Ostermeyer made the touchdowns.

In their second game, the B's fought to a standstill with Pulaski. Supported by beautiful interference, Ray Zager ran 85 yards for the only Washington touchdown as the game ended in a tie, 6-6.

Ray Zagar sparked the Jarvies to a 34-0 conquest over East. He scored three times on runs of 55, 22, and 40 yards. Other touchdowns were added by Tony Turk and Tony Jakoblich. Dave Klein added three extra points.

In a non-conference tilt, Purgold B's beat Don Bosco, 14-0. A pass, Ned Polenz to Tony Turk for 40 yards, made the first touchdown. Later, Tom Ostermeyer made the second. Klein converted both times.

The city title was won when the Jarvies defeated Boys' Tech 27-0. It was the second championship in a row.

The B's took on another non-conference foe and won over Tosa 14-0. Touchdowns were scored by Bob Jarvis and Tom Ostermeyer.

The Jarvies' undefeated record was kept intact with the closing game of the season with Tech. A field goal attempt by Dave Klein failed, and the game ended in a tie, 0-0.

SOPHOMORE FOOTBALL

Although the Sophs didn't repeat their city championship, they did take the north section title and had an otherwise successful season under Coach Archie Hecht.

The Sophs opened their season by defeating North 12-0. Berle Post made the first score late in the first half. A touchdown pass, Ratas to Barrock, made the second. Both conversions failed.

Putting on a real show of scoring ability, the Tonian Sophs crushed East 39-0. Dick Capelle and Bob Barrock each scored two touchdowns. Tom Hurley and Berle Bost added the others. Capelle added two extra points and Barrock one.

The Hechtmen went out of the conference to battle Tosa to a 6-6 tie. Washington's only score came on a recovered fumble in the end zone by Norm Wandel.

The Sophs kept their slate clean by defeating West 14-6. Tom Ratas sparked the offensive, making all the Tonian points. Ratas made both scores on 25-yard quarterback sneaks.

The north section title was taken by the Sophs when they rolled over King, 21-0. Dick Capelle scored one marker on a 64-yard run. Other touchdowns were made by Nick Zizzo and Tom Ratas.

In the championship playoff at South Stadium, the Sophs lost to Lincoln, 7-0. The Tonan defense was unable to stop Lincoln's drive. Fumbles and pass interceptions also counted in the Sophs 'only defeat.

BASKETBALL —Varsity

Washington opened its basketball season by losing to North, 72-53, on the neutral Lincoln floor. Tim Vick was high scorer with sixteen points.

The close-fought game with East kept our rooters on their feet as both teams managed to tie up the score several times. A last minute basket and gift shot by Schumacher enabled Washington to win 46-44.

The game with Custer started at a slow pace and gained momentum with Custer leading at the start of the fourth quarter. A hook shot by Tony Turk and two lay-ups by Schumacher brought a victory of 38-37.

Smart defense by Washington in stopping Rufus King's wild passes in the last quarter gave us our third victory with a score of 56-52. High scorers in the game were Schumacher and Turk with 16 points each.

The last seven minutes of the Tech game proved profitable to Washington when we scored seventeen points to defeat Tech 44-39. This win resulted in our being in a three-way tie with Pulaski and North for second place in the conference standing.

By leading Juneau by at least nineteen points from the second quarter on, the Purgolders walked off with a victory of 48-24.

Coming up from behind in the last quarter, Washington overcame an eleven point lead by Pulaski in the season's most inspired game, and won 41-38.

Lincoln's superior height and speed played havoc with the Washington team. Leading at the end of the half, Lincoln went on to a 45-37 victory. John Mayer led the Purgold scoring with nine points.

Lacking several players, Washington bowed to West 55-42.

Washington had no trouble maintaining a half-time lead in subduing Bay View 44-34. This was an upset for Bay View which had previously defeated conference champion, West.

The final conference game with South resulted in another victory for Washington. By winning 60-48, Washington finished the regular conference season in a second place tie with North. High scorer for the Purgolders was John Mayer with twenty points.

The preliminary play-off with North, at Rufus King, ended in a 51-49 victory for our team.

The big thrill of the season was the play-off game between city champion, West, and Washington at the Milwaukee Auditorium. The declaration of Tony Turk as an ineligible player just before game time was definitely a set-back. After a brief lead by Washington in the first half, the tide turned and we trailed for the remainder of the game. The last seconds brought the audience to their feet as the Purgolders vainly strove to tie the score, but a last minute shot missed its mark and gave West a victory of 49-47. High scorer for our team was Tim Vick with 16 points, followed by John Mayer, 14; Ted Schumacher, 11; Hank Vopat, 5; and Wayne Johns, 1.

RETURNING LETTERMEN

TRACK 1949

Under the capable coaching of Mr. Chester Trost, Washington's twelve returning lettermen, along with some outstanding sophomores and juniors, were rounded into a well balanced track team. Although placing only eighth in the Madison West Relays, the Purgolders bounced back to outpoint South and Racine Park in dual meets. After placing second in a triangular meet with King and East, the team hit its stride in the North Sectional and City Relays when it outclassed all competitors by large margins.

The Tonian spikesters followed up their second place in the State Sectional with a fourteenth in the State Meet. Washington's final effort fell just short of first place in the City Meet.

Seniors 1950

As WE THE SENIORS see it, the third year we spent at Washington was the most eventful of all. We at last began to realize the real meaning of that old adage, "You can't take it with you." But wait! Perhaps we can't take along the school building, or all the friends we have made, but we can take with us the memories of our full senior year. One of the most important events was our election of senior-class officers. The other big election, of course, was that of our Prom King. This carried with it all the preparation toward making our prom the best in Washington's history. We also filled many of the higher offices in the clubs we belonged to. These bigger ingredients in our graduation cake were happily mixed with a sprinkling of others; such as, Heel Day, Farewell Day, having our pictures taken, filling out information blanks for the Yearbook and for the guidance department, and the grand exclusive (Seniors only) mixer put on by our very own talent. All these led up to the grand finale when, to the strains of *Pomp and Circumstance*, we marched into the auditorium to receive our diplomas. From here no one knows what will happen. Truly, as we seniors see it, it was rugged — but fun.

Views 1950

As WE WASHINGTONIANS see ourselves, we are reminded of Bobby Burns' wish, "oh wad some power the giftie gie us to see oursels as others see us." At long last our candid camera shots have given us the chance to see just how we look to others. Through the pages of Yearbook 1950, especially in the Views section, is recorded a majority of all the events which took place during the school year. We see ourselves rehearsing for the class play; decorating for our dances and parties; practicing for concerts, skits, pep rallies, auditorium programs; studying for scholarships and the spelling contest. We see ourselves doing other things, too, that aren't all responsibility. Fall and spring found us walking outside during noon hour, and in winter we helped to wear away what the previous classes left of the terrazzo along the first floor corridor. Since sports, clubs, assemblies, and service used a great part of our time, we can view some of the things that they induced. Of course, the faculty, playing a vital part in our school program, deserve the recognition given them in this section. As we see ourselves in the views taken around school, we wonder what the visions of the future hold for us.

Dear Irene,

I sure wish you the best of luck.
I'd been swell having you as a locker
partner. I sure hope we are in the same classes
next semester. If yours not in my geometry class I'll
flunk. Don't change over the summer or any other time.
I'll hope to see you over the vacation. Keep having a good time
Remember not to flirt to much because our engagement
will hold true over the vacation. Watch yourself at the Venetian.
Keep looking at the picture not at Dick, Eddie, or somebody
else. Don't let anything happen to Elmer, or I'll put it to
the death column in the paper. When I think of Elmer it'll think
of you. Both schmoos. I didn't really mean it. I forgot to thank for
inviting me over to your house last Saturday as I'll don't now.
Thanks! I'll thank of you while you had the mumps. Mother's trip. Be good and

looked when you had the mumps.

Dear Irene,
I think you are
very sweet & I love the way
you flirt with those innocent little
boys especially at Sherman Park. Remem-
ber the fun we had at the Venetian. (ahem!!!)
I think you are nice but always stay as you are;
sweet & flirty. From your best friend,
